

Manager Guide for Adding Sponsors to Website

The screenshot shows the 'SPORTSHEADZ WEB ADMIN CONTROL PANEL' interface. At the top, there are navigation tabs for 'HOME', 'CONTENT', and 'SCHEDULES'. The 'CONTENT' tab is active. Below the navigation, the 'Manage Site Content' section is visible, with a dropdown menu set to 'U15 AA'. The left sidebar contains a list of menu items, with 'Suggestions' highlighted in orange. The main content area displays the 'Suggestions' section, which includes a large empty box at the top, followed by the heading '2021-2022 U15 AA Website'. Below this heading, there are three sections: 'Welcome to the Control Panel dashboard for', 'Submit A News Article' (with a note that the team hasn't submitted a news article in 1 page), and 'Enter Team Polls' (with a note that there are no polls currently visible for the team).

Once you log into webmaster account. Select Content at the Top.

This screenshot shows the same 'SPORTSHEADZ WEB ADMIN CONTROL PANEL' interface, but with the 'Advanced Features' section expanded in the left sidebar. The 'Suggestions' section is still highlighted in orange. The expanded 'Advanced Features' list includes 'Galleries', 'Libraries', 'Polls', 'Online Forms', 'Player Sponsors', 'Auctions', 'Banners', and 'Major Alerts'. The main content area remains the same as in the previous screenshot, showing the '2021-2022 U15 AA Website' section with the 'Verify Notification & Subscript' section at the bottom, which states 'This team has 3 subscriptions'.

On left expand Advanced features and you will see player sponsors.
